CORE SKILLS

TOOLS & TECHNOLOGIES

Kali Linux Wireshark Nmap

Burp Suite Metasploit

Nessus John the Ripper

Hydra Autopsy Git

VirtualBox Cisco Packet Tracer

MUHAMMAD HASHIM KHAN

Cyber Security Student | Aspiring Security Analyst

PROFESSIONAL SUMMARY

Motivated and detail-oriented Cyber Security undergraduate at the University of Central Punjab (UCP) with a strong foundation in computer science from FSc ICS. Hands-on experience with network security, Linux, Python scripting, and industry-standard penetration testing tools through academic labs and self-directed projects. Passionate about protecting systems and data, continuously learning new attack and defense techniques, and eager to contribute to a professional security team through an internship or entry-level role in SOC operations, penetration testing, or information security.

EDUCATION

Bachelor of Science in Cyber Security

20XX – Present

University of Central Punjab (UCP), Lahore

- Relevant Coursework:** Network Security, Information Security, Ethical Hacking, Cryptography, Digital Forensics, Operating Systems, Computer Networks, Data Structures, Database Systems, Secure Software Development.
- CGPA: X.XX / 4.00

FSc – Intermediate in Computer Science (ICS)

20XX – 20XX

[College Name], [City] · [Board Name]

- Subjects: Computer Science, Mathematics, Physics.
- Marks: XXX / 1100

Matriculation (Science)

20XX

[School Name], [City] · [Board Name]

- Marks: XXX / 1100

ACADEMIC & PERSONAL PROJECTS

Network Traffic Analysis & Intrusion Detection Lab

Academic

- Captured and analysed network traffic with Wireshark to identify suspicious patterns such as port scans and ARP spoofing.
- Configured basic detection rules and documented findings in a structured incident report.

Python Port Scanner & Password Strength Checker

Personal

- Built a multi-threaded TCP port scanner in Python with service banner grabbing.
- Developed a password-strength tool that evaluates entropy and checks against common-password lists.

Web Application Vulnerability Assessment

Academic

- Tested intentionally vulnerable apps (DVWA / OWASP Juice Shop) for OWASP Top 10 issues such as SQL Injection and XSS using Burp Suite.
- Wrote a findings report with severity ratings and remediation recommendations.

SOFT SKILLS

- Analytical Problem Solving
- Attention to Detail
- Team Collaboration
- Clear Communication
- Time Management
- Fast Self-Learner

LANGUAGES

English	Professional
Urdu	Native
Pashto	Conversational

INTERESTS

- Capture The Flag (CTF) Challenges
- Ethical Hacking & Bug Bounties
- Emerging Tech & AI Security
- Reading Security Research

CERTIFICATIONS & TRAINING

Cisco – Introduction to Cybersecurity	Google – Cybersecurity Certificate (<i>in progress</i>)
TryHackMe – Pre-Security / Jr Penetration Tester Path	Cisco – Networking Essentials

ACHIEVEMENTS & ACTIVITIES

- Active participant in Capture The Flag (CTF) competitions and online security labs (TryHackMe / Hack The Box).
- Member of the university computing / cyber security society; took part in workshops and seminars.
- Proficient in MS Office (Word, Excel, PowerPoint) for technical documentation and reporting.
